MEMORANDUM FOR: Career Management Officer
Office of Personnel

STAT FROM:

[REDACTED]
C/HRPS

SUBJECT: Reimbursement for HRPS Membership

1. This memorandum requests reimbursement for a membership in the Human Resource Planning Society (HRPS). The Society now has about 1,200 members from government and private industry who are all involved in human resource planning. This is so obviously related to my current function that I feel it is essential for me to join the HRPS.

2. As you requested, I have attached copies of the information I recently received from the HRPS. You will note that while organizational memberships cost \$350.00, individual memberships cost only \$75.00. I propose that OP approve the reimbursement of one individual membership for the C/OP/HRPS on an annual basis. I feel that this kind of thing can help us get out of our cloistered environment and see what others are doing in the HR area.
